PROFESSIONAL SUMMARY

Computer Science graduate (B.Tech) skilled in Python, SQL, Excel, Power BI, and Scikit-learn, with experience building end-to-end machine learning pipelines, from data cleaning to deployment with Docker, Flask, and CI/CD. Built churn and loan approval prediction models with XGBoost and Random Forest. Seeking a Data Scientist, Data Analyst, or Machine Learning Engineer role.

TECHNICAL SKILLS

Programming and Querying: Python, SQL, Pandas, NumPy, HTML5

Data Analysis and Visualization: Exploratory Data Analysis (EDA), Statistical Analysis, Data Cleaning, Data Preprocessing, Data Visualization, Matplotlib, Seaborn, Microsoft Excel (Advanced), Excel Formulas, Power BI, Dashboards, Business Intelligence

Machine Learning: Scikit-learn, XGBoost, Predictive Modeling, Supervised Learning, Regression, Classification, Random Forest, Decision Tree, Feature Engineering, Cross-Validation, Hyperparameter Tuning, Model Validation, Model Evaluation, Model Deployment

Deep Learning: Deep Learning, Artificial Neural Networks (ANN), Neural Networks

Tools and Deployment: Git, GitHub, Docker, DVC, Flask, FastAPI, GitHub Actions (CI/CD), MLOps, SQL Server, VS Code

Core Competencies: Data Structures and Algorithms (DSA), Object-Oriented Programming (OOPs), Problem Solving

WORK EXPERIENCE

Data Science Intern | Renu Sharma Healthcare and Educational Foundation | Aug 2026 - Sep 2026

- Built an end-to-end customer churn prediction pipeline in Python, covering data cleaning, exploratory data analysis (EDA), feature engineering, and model evaluation.
- Developed and compared classification models (Scikit-learn, XGBoost) to identify at-risk customers, evaluating performance with ROC-AUC, precision, recall, and F1-score.
- Applied cross-validation and hyperparameter tuning to improve model performance and reduce overfitting.

Industrial Trainee | Indian Oil Corporation Limited (IOCL), Barauni Refinery | Jun 2025 - Jul 2025

- Analyzed refinery system data for the Information Systems team and identified data inconsistencies, improving reporting accuracy by 15%.
- Structured raw operational data into a technical report used by senior management for data-driven decision-making.
- Collaborated with the Information Systems team to validate data accuracy and resolve reporting discrepancies.

PROJECTS

Customer Churn Prediction Pipeline (ChurnGuard) | Python, XGBoost, Pandas, DVC, Flask, Docker

GitHub: <https://github.com/Rahul117590/churnguard-ml>

- Analyzed ~7,000 telecom customer records and benchmarked 4 classification models; selected XGBoost for the best ROC-AUC and F1-score on the churned class.
- Engineered features (One-Hot Encoding, StandardScaler) in a modular, DVC-versioned pipeline for fully reproducible experiments.
- Deployed the model as a Dockerized Flask web app so telecom teams can flag at-risk customers and act before they churn.

Loan Approval Prediction | Python, Scikit-learn, Random Forest, DVC

GitHub: <https://github.com/Rahul117590/Loan-Approval-Prediction-using-Decision-Tree>

- Built a Random Forest pipeline to automate loan Approve/Reject decisions from applicant and asset data, mirroring NBFC underwriting workflows.
- Achieved 98.01% accuracy, 0.976 precision, and 0.993 recall; organized code into a DVC-managed src/ pipeline with logging for full traceability.

EDUCATION

Bachelor of Technology (B.Tech), Computer Science and Engineering | Babu Banarasi Das Institute of Technology (BBDIT), Ghaziabad, Uttar Pradesh | 2022 - 2026 | CGPA: 7.04/10

Higher Secondary (Class XII), Science (PCM) | BR DAV Public School, Begusarai, Bihar | 2022 | 77.6%

Secondary (Class X) | Nezamia Public School, Patna, Bihar | 2020 | 83.4%

CERTIFICATIONS

- Microsoft Excel Beginners to Advance | Skill Course (ISO 9001:2015) | Oct 2026 | Certificate ID: SC-C9BBPA7K46 | Verify: <https://edu.skillcourse.in/view-certificate/SC-C9BBPA7K46>
- Microsoft Power BI (Self Learning) | Skill Course (ISO 9001:2015) | Oct 2026 | Certificate ID: SC-A53C981034 | Verify: <https://edu.skillcourse.in/view-certificate/SC-A53C981034>
- Machine Learning Using Python | Simplilearn SkillUp | Oct 2026 | Certificate Code: 10849198 | Verify: <https://lms.simplilearn.com/courses/2789/Machine-Learning-using-Python/certificate/download-skillup>
- Intro to SQL | Kaggle Learn | Oct 2026 | Verify: <https://www.kaggle.com/learn/certification/rahul10x/intro-to-sql>

ACHIEVEMENTS

- Earned 4 certifications in Excel, Power BI, Machine Learning using Python, and SQL (2026).
- Consistently solve DSA problems on LeetCode to strengthen problem-solving and coding skills.
- Winner of chess competitions at school and college level, reflecting strategic and analytical thinking.
